

HOUSEHOLD CARES

Tax the Women of Barre the Same as Elsewhere.

Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back. And she wouldn't if the kidneys were well.

Doan's Kidney Pills make well kidneys.

Here is a Barre woman who endorses this claim:

Mrs. M. Gambel, 31 Brooklyn street, Barre, Vt., says: "I suffered terribly for two or three years with severe pains across my back and up my side. I had headaches and spells of dizziness and a distressing kidney weakness that compelled me to rise often during the night and thus disturbed my rest. The doctors gave me medicines but I received little benefit until I procured Doan's Kidney Pills sold by E. A. Drown, the druggist. It was only a few days before I could see that they were helping me. The improvement was gradual and as I kept on taking the remedy I became better in every way. My kidneys became normal in action. I can honestly say that I never found anything that proved of such great benefit as Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

There is danger that neither Vermont academy or Burlington high school will have the opportunity of knowing which is the better team this year. The Burlington boys were planning a three days trip to the southern part of the state and play Proctor V. M. C. A., Rutland high school, and Vermont academy. The Proctor team has disbanded and on account of the fire the Rutland team has no place to play, so unless some other arrangements can be made the trip will not be taken as the expense would be too great for a single game.

Passenger train number 9, leaving Burlington at 10.30 Wednesday morning for the north, over the C. V. had a narrow escape from serious trouble about three miles from Milton. The steel tires on a pair of wheels on the rear truck of the tender broke, and the wheels dropped down on the ties. Engineer J. K. Smith felt the first jolt and tried to throw on the air brakes, but the wheels when they broke had cut the air hose and the brakes would not work. The engine was reversed and the train came to a stop after about one-fourth mile. The ties were ripped up for a long way. Beyond that no damage was done except to the wheels.

Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result, "a quick and perfect cure." The greatest healer on earth for burns, wounds, sores, eczema and piles. 25c at the Red Cross Pharmacy.

At the first meeting of the board of trustees of the Vermont sanatorium, held at Proctor yesterday a letter was received from Senator Proctor containing the deed of the tract of land at Pittsford containing 283 acres more or less for the sanatorium, and also \$100,000 in bonds for the endowment fund. He also said that he would turn over the money for the construction as it was needed.

The Liberals' Cooley Policy.

London, Feb. 24.—Kaffirs had an appreciably better tone on the stock exchange yesterday as a result of the statement of Winston Spencer Churchill, under secretary of state for the colonies, to the effect that the Liberal policy in South Africa is that there shall be no violent expulsion of the Chinese. Some of the most servile conditions of indenture will be eliminated, but the ultimate decision of the question is to be left to a responsible government of the Transvaal.

COMES TO AID
OF MINERS

Butte, Mont., Union Appropriates \$5,000

FOR DEFENCE OF SUSPECTS

All the Men Wanted but One Are Under Arrest — The Prosecution Is Working Up a Strong Case Against Accused.

Butte, Mont., Feb. 24.—Five thousand dollars have been appropriated by the Mill & Smelter Men's Union of this city, to aid in the defense of Charles F. Moyer, Haywood, Pettibone and Orchard, who are suspected of the murder of ex-Governor Steunenberg of Idaho.

PROSECUTION GROWS STRONGER.

Additional Details of Case Seriously Implicate Men Under Arrest.

Denver, Col., Feb. 24.—The following additional details of the case against the officials of the Western Federation of Miners, now imprisoned in Idaho, were published by the Denver Post on Thursday: "Charles F. Moyer, William D. Haywood and Geo. A. Pettibone planned the assassination of former Governor Frank J. Steunenberg of Idaho in Denver last summer, according to the detectives who have worked up the case against the Western Federation of Miners' leaders. The actual details of the assassination, they say, were worked out by Harry Orchard and L. J. Simpkins, the latter a member of the executive board of the Federation. In his confession Orchard is said to have declared that Vincent St. John and Simpkins spent a week together shortly before the assassination of former Governor Steunenberg and that the plans for the murder were perfected by them. In his confession, it is said, Orchard admits that he actually placed the bomb, but that he was assisted by Stephen Adams, alias Stephen Dickson. All the men wanted are under arrest, with the exception of L. J. Simpkins, alias J. Simmons, who is being searched for in the neighborhood of Mines, Ore., and for whom a reward of \$1,000 has been offered by Governor Frank R. Gooding of Idaho."

The detectives claim to be able to prove that during the fall preceding the meeting of the executive board of the Western Federation of Miners, which took place in the Pioneer building in this city in the middle of January, several members of the board visited the Cour d'Alene district in Ohio.

ANOTHER OPERATION.

Former President Alexander Again in Hands of Surgeons.

New York, Feb. 23.—James A. Alexander, former president of the Equitable Life Assurance society, was operated upon again yesterday in his home at East Sixty-Fourth street, for the relief of the organic trouble for which he has been under treatment during the last six months. According to his son, H. M. Alexander, this operation was not so much a new one as it was the completion of the operation performed ten days ago when his father was brought here from a sanitarium in Deerfield, Mass., for surgical treatment.

The doctors say that his condition after the operation yesterday was as satisfactory as could be expected.

Last summer he shot and killed Lewis Bergman when he found him in his wife's room. A sympathetic jury acquitted him of the charge of murder, and the divorce was secured without contest. Their one child, a little girl, who was given into the custody of Harrison, brought the parents together again.

158 West Broadway, New York, Oct. 3, 1905. Having been a sufferer from Dyspepsia for many years, which would not yield to the treatment of several physicians, I had become almost convinced that I was destined to become a chronic invalid, when a friend gave me a bottle of your cure, and during one of my bad spells I tried it in deprecation, not having the least faith in it, but very much to my surprise felt relief almost immediately, and could not now be induced to live without having a bottle in the house. Very truly yours, L. F. WHITMAN.
